

## Teaching and Learning Committee

## Terms of Reference and Membership

### Terms of Reference

The Teaching and Learning Committee is the key committee of the University in the realm of teaching, learning and assessment. It will consider all matters relating to the policy and practice of teaching, learning and assessment in the University and will consider all relevant developments at national and international levels and their implications for practice and policy across the institution. It will report to Academic Council.

Subject to approval by Academic Council, the Committee shall:

1. Be responsible for the development of the University's Learning, Teaching, and Assessment Strategy and the setting of strategic priorities therein;
2. Promote innovation and excellence in Teaching and Learning;
3. Support the Professional Development of Academic Staff;
4. Consider internal and external developments, including academic quality and standards, the student experience and graduate attributes, as they relate to Teaching and Learning;
5. Coordinate University responses to consultations in the area of Teaching and Learning;
6. Recommend to Academic Council policies and procedures relating to Learning, Teaching and Assessment;
7. Make recommendations in respect of strategic Alliances and Partnerships, national and international, in the area of Teaching & Learning and Academic Staff Development;
8. Consider such reports as come from other committees and offices as they relate to Learning, Teaching and Assessment;
9. Consider and make recommendations in respect of Learning and Teaching spaces, infrastructure, technologies, and facilities related to teaching and learning in the University;
