Logging into Curriculum Management System

Accessing the Curriculum Management System

- To access AKARI click <https://nuig.akarisoftware.com/curriculum/>
- Log in using the Federated Access

Click on this link

- Enter Username and Password using staff ID and PC password

Use your details to log in i.e your staff ID no and your PC password

SUPPORT:

There are three types of support channels for this service depending on the issue/request. However, please visit the [Curriculum Management FAQ](#) page before logging a support request.

Technical Issues: All Technical issues such as account creation, access to service and performance issues should be directed to the [Service Desk](#).

Curriculum Issues: Curriculum/Syllabus support queries, issues and requests should be directed to the Syllabus Team in [Academic Records](#). Please visit the [Akari Helpdesk](#).

CELT: Issues with adding instructors on blackboard should be directed to CELT

Creating a New Course

Click on the courses dropdown and select 'All Courses'

Click on 'Create Course'

Type in the Course Description here

Use the drop down to select the College in this field

HELPFUL TIPS
Do **NOT** select a Discipline, it must be a College

Hit 'Create'

Create Course Stream

- Once you have completed the Course set up the next step is to create a New Course Stream
- A Course Stream is where you add the Course Instance and the Modules

A screenshot of the Akari Curriculum web application. The top navigation bar includes 'Home', 'Modules', 'Subjects', 'Course Streams', 'Courses', 'Reports', and 'Settings'. Below the navigation, there is a section for 'Affiliated Course Streams' with a table header containing 'Course Stream Code' and 'Course Stream Title'. The table currently shows 'n/a'. A red box highlights the 'Create Course Stream' button at the bottom left of the table area.

Click on 'Create Course Stream'

A screenshot of a modal dialog box titled 'Create a new Course Stream'. The dialog contains three input fields: 'Course Stream Title' with the value 'Master of Engineering - Software Engineering', 'Valid From' with a date range '2016-17 (01-09-16 – 31-08-17)', and 'Discipline' with the value 'College of Engineering & Informatics'. At the bottom right of the dialog, there are two buttons: 'Cancel' and 'Create'. The 'Create' button is highlighted with a purple callout box.

Once you create a new course stream a column will open with pre-populated information from the Course, ensure that you choose the correct valid from year

Click on 'Create'

Updating a New or Existing Course Stream – Main Tab

Course Stream Code
CL1
NB – DO NOT ENTER A CODE HERE. The code will be allocated prior to Final Approval

Course Stream Title*
CL1 Bachelor of Corporate Law
Characters Left: 228
Enter the full title for the course stream (max 80 characters) - e.g. BA1 Bachelor of Arts Degree

Course Stream Short Title
Enter a short title for the course stream

Clearing House Code
1. n/a
Add External Code
Any external code, which is affiliated with a course stream such as CAO. Multiple

Language of Instruction
- Not Set -
The language in which the entity is instructed or taught

This code will be completed by the College Approver.

HELPFUL TIPS
See here for the NUI Galway Coding convention document

The 'Course Stream Title' is the Course Stream Description which should be preceded with the course stream code

This is not required

Click 'Add External Code' to add in the CAO code for UG Courses or the PAC code for Postgrad Courses

Please enter English as the default and Irish where appropriated

Valid From
2017-18 (01-09-17 – 31-08-18)
This field outlines the date at which the course stream becomes active/valid.

Course
CL - Bachelor of Corporate Law Degree
The parent course which the course stream is affiliated with can be selected via the course dropdown field.

Discipline
BUSINESS_LAW - College of Business, Public |
Name of the Owning Discipline in which the entity resides

Course Stream level
8 (EQF 6, EHEA First Cycle)
NFQ level of the course stream

This field will automatically populate

The Course should automatically populate, if not you can search in the dropdown box and choose the Course from there

Use the drop down to select the College in this field

HELPFUL TIPS
Do **NOT** select a Discipline, it must be a College

Choose the NFQ level

HELPFUL TIPS
For more information on NFQ levels see <http://www.nfq-qqi.com/>

Location: NUIG
The location in which the course stream is held or taught.

Mode of Delivery*
Available: Evening, Full Time (Continuous Programme), ISS Test, Part Time, Part Time (Continuous Programme), Research, Research - Full Time, Special Maths Exam, Taught & Minor Dissertation (F/T), Taught - Full Time
Selected: Full Time

Semesters Per Course Instance*: 2
This dropdown defines how many semesters per course instance exist in relation

Number of Course Instances*: 3
This dropdown will define the minimum duration of the course stream

Educational Aim of Course Stream
Short academic description of the overall aim of the Course Stream

Embedded Award
 Check the box if the Course Stream

Enter location

HELPFUL TIPS
You must choose NUIG if there is a **requirement for the modules with written assessments** on your course **to be centrally timetabled in NUIG** otherwise the timetabling system will not find the modules if they are listed as another location

Please make sure you choose **only ONE** Mode of Delivery here and click on the arrow to bring it across to the 'Selected' table on the right

Enter '2' if there are two semesters i.e. Semester 1 and Semester 2

Enter the number of years in the Course Stream

HELPFUL TIPS
e.g. UG Programme 3 year. That entry will generate 3 Course Instance years in the Course Instance tab and three years under the modules where you can add the modules per semester

Not a required field, you have the option to leave blank or complete

Tick here, if for example, you have a four year UG course and there is an Award after first year and maybe second year or both i.e. Certificate after year 1, Diploma after year 2

This field should be populated with the user who has been entered as the Course Sponsor under Course

Course Stream Director*
The person who is chief supporter of the course stream.

Add Modules/Subjects to Year 1..

Click on the field under 'Type', in the drop down menu, you will see all the options available. Choose 'Optional' and hit 'Save Course Stream'

You will notice that when a module is changed from **Core to Optional** a new button appears under Requisites **+**

NOTE: Requisites can only be added to modules which are Optional, see training notes on updating a requisite.

Save Course Stream

The main three types to choose online are **Core, Optional, Group Not Available**

Core – If you make the module 'Core', every student who registers for this stream/instance will be **automatically** registered for that module

Optional - If you make a module 'optional', this means that the student has a choice between choosing it or any other optional module to build up their ECTS to the ECTS for the Year/Course Instance i.e. 60 ECTS

Group Not Available to Select Online – This is used where a module is available on the curriculum but you do not want it to be made available online at registration, this relates to some modules where there maybe, for example, a quota

Add Newly Created Module to a Course Instance i.e. Year 1

Add Modules/Subjects to Year 1..

Year 2 (Module Count 18)

Year 3 (Module Count 30)

Add a New Module/Subject

Select **Module**

ADD MODULE/SUBJECT TO

Year # 1 Subject n/a

Type Optional

Click on the 'X' beside the module in question, this will delete the module from the stream/course instance

Always remember to hit the Save Course Stream button at the top or at the bottom of the page

Prerequisite – please see the training manual for instructions

Existing Modules

Where there is a new version of an existing module which is already on the course stream/instance i.e. Take GR106 above for example.....

- If you have created a new version of a module it **will not be visible under the course stream**
- The system only allows a *single version to be active at any point of time*. This means that when a new version of a Module is created; it only becomes live and consequently replaces the current version when it is approved and its Valid From date comes into effect. Then, the list of affiliated Course Streams will re-appear in the Module Main tab.
- If a module is already attached to the course stream and has a new version in the pipeline then the course sponsor doesn't have to do anything to the course stream - the new version will replace the old one automatically. If an Owner/Editor click on the title of any such module in the Modules tab then they will see a narrative that a Draft version of the module exists or you will have at least received an email if a new version is Approved.
- **For this year** the modules which are in 'awaiting processing' will not go from the 'Awaiting Processing' Tab into the 'Approved' tab until the data has gone via the Akari message links over to the student record system, at which time the Akari system will be closed to edits.
- A user should be able to view the pdf which should show the updated details of the course stream. There is development happening in relation to this at the moment so I will update this document as there is more clarity from Akari.

Important Notice: Please ensure you *save your updates after each step* and *only exit* the screen when you see the green box. Otherwise your data may not be saved!

Update Status

Submit For Approval

Press this button if you wish to submit the Course Stream to the Registrar's office for approval. Note submit will only be possible if all required data has been provided.

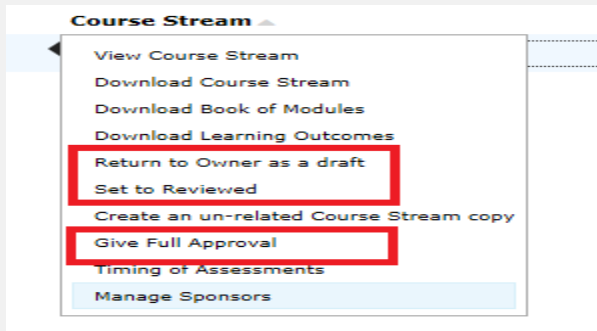

Please ensure that all updates are completed before submitting the course stream for approval.

'Submit For Approval' will move your course stream from 'My Draft Course Stream' to 'My Pending Course Stream'.

SUCCESS Course Stream Submitted for Approval

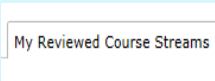

Course Stream _____ has been submitted for approval

My Draft Course Streams
My Pending Course Streams
My Approved Course Streams
My Rejected Programmes

My Pending Course Streams

The Final Approver in your College has three options:

'Set to Review' – This will move the course stream to 

'Revert to Draft Status' – This will move the course stream back to 

'Give Full Approval' – This will move the course stream to 

Once a course stream is in the 'My Awaiting Programmes' tab the approval process is complete. The course stream will go to the message queue between AKARI and Quercus ready to be accepted and approved by Quercus during integration.

 Once the Course stream receives final approval, it will be moved to **'My Approved Course Stream'** tab. AKARI is generally *CLOSED* when this step happens.
